## White Puffle

White puffles first appeared on the island during the Puffle Party in 2009. They seem to have a thing for altitude and cold climates! Also, their white colour means they can hide in the snow if they feel shy, which they often do.

Did you know white puffles have a very cool secret? They can breathe ice! But deep down they are warm and loving. They are also slightly smaller than other puffles, which we think makes them even cuter. What do you think?

**FACT:** White puffles look super cute in blue earmuffs

Fave toy: Ice skates  
Fave trick: Breathes ice  
Fave food: Cookies

# rookie

## Even the Director of the EPF was a rookie once...

Some penguins are born to be secret agents. Rookie? Well... what he lacks in spy skills, he makes up for in heart and hard work!

As a junior member of the Elite Penguin Force, Rookie has handled several important missions. He even solved one! But that was probably by accident. Despite his track record, Rookie always trusts his gut instinct. Even if it tells him to eat a pizza. Which it often does. Mmm, pizza.

Hey guys! Did you know Rookie rhymes with cookie?

**Did you know?**

Rookie can speak crab

**Did you know?**  
Rookie was the first penguin to discover the Orange Puffle Dimension

**Did you know?**

Rookie has a pet rock
